September 10, 2020

Dear Tarkio Families,

As we work to keep students and staff safe during this pandemic, we will share as much information as possible with you, while still following legal and ethical privacy rules.

In the Tarkio School District, we currently have one confirmed positive case of COVID-19. The Tarkio R-I School District received word late Wednesday night, September 9 that a student tested positive. The District would like to communicate that the student has not been in classes since Friday, September 4.

We are working with the Atchison County Health Department, as they conduct contact tracing. Students who were directly exposed will be contacted by the Health Department. If you are not contacted, your child was not considered to be directly exposed to this person.

To see all the health and safety precautions the district is taking, please see the Tarkio R-I website, [www.tarkio.k12.mo.us](http://www.tarkio.k12.mo.us).

Thank you for your support, cooperation and patience as we work to keep everyone safe and provide quality education.

Sincerely,

Karma Coleman
