

2022 Scholarship Report

Automotive Women's Alliance Foundation

AWAF's mission and vision empowers women in automotive, mobility and related industries through mentorship, professional and educational opportunities. This supports our goal of having a diverse talent pipeline that is more representative of the world around us.

Our hope is these education tuition scholarships eases financial burdens, allow more study time, enable the discovery of new technologies and application methods, and affect tangible opportunities and experiences.

Selection and Distribution of Scholarships

We adhere to a formal award process driven by the Scholarship Committee. The Committee carefully reviews all applications and recommendations for consideration. We award mostly \$2,500 per scholarship. Scholarships are awarded throughout the year, often at our quarterly AWAF events and the Annual Golf Outing.

Applications Always Accepted

Students who are interested in learning more about scholarship opportunities, must be at least a senior in high school or pursuing an Associate, Bachelor, Master or PhD degree. Please visit www.AWAFoundation.org to access the Education Scholarship Application.

Our Board and Foundation Members Focus

Established in 2001, our board and members include individuals and entrepreneurs from OEMs, suppliers, businesses and academic providers.

We are an active professional foundation dedicated to supporting the advancement of automotive women professionals. The Automotive Women's Alliance Foundation ("AWAF") strives to motivate current and future students studying in automotive, mobility and related fields.
